CLEAN, LOW-COST POWER & SECURITY

Idaho leads the U.S. in clean electricity generation. Fueled by efficient, hydro-electric power, Boise's power rates are approximately half that of most western states and are among the lowest in the United States. Geographically diverse with low seismic risk, Boise is one of the exceptional cores in America for its energy, safety, great employment base and university.

PRO-BUSINESS & EASY ACCESS

Boise has been rated by Forbes, Wall Street Journal and Inc. Magazine as one of the best places in the U.S. to do business. Boise's overall cost of doing business is nearly a third lower than in California. Boise Airport is eleven minutes away with daily, non-stop flights to 22 cities including Los Angeles, San Francisco, Chicago, Minneapolis and Seattle.
